

Dear Sir

Mr. P. Fleming is erecting extensive Buildings on the Lot, formerly Mr. Brinkhills, adjoining Christ Church Burial Ground, - & it would be convenient to him to place three or four windows in the upper stories facing the north, - so however as not to subject you to any cause for complaint.

I have told Mr. F. that I had no doubt permission would not be refused, but at the same time have advised his speaking with you.

Very truly
Yours
